PROFESSIONAL SUMMARY

Computer Science Engineering student (B.Tech, 2027) focused on full-stack development and AI-powered products. Built and deployed three live web applications using React.js, Next.js, Node.js, Python, and FastAPI. Experienced in generative AI integration, REST API design, database workflows, and responsive UI development. Two-time first-place winner at inter-college tech competitions.

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, Java
Frontend: React.js, Next.js, Vite, Tailwind CSS
Backend: FastAPI, Node.js, REST APIs
Databases: PostgreSQL, Supabase, MongoDB, MySQL
AI / ML & Data: AI Integration (Gemini API), Machine Learning, Exploratory Data Analysis (EDA), Feature Engineering, Data Analytics, Data Visualization
Tools: Git, GitHub, Vercel, Render

PROJECTS

Waste-to-Worth | AI Integration and Sustainability | Live Demo

- Integrated Google Gemini 2.5 Flash for AI-powered waste recognition and designed an image-to-structured-analysis inference pipeline.
- Developed an LCA-based carbon-credit algorithm using IPCC emission factors to calculate CO_2 reduction and waste-disposal impact.
- Implemented streak-multiplier reward logic and contributed to AI workflow design, technical documentation, and sustainability methodology.
- Won 1st position at InnovativeX and TechNeek competitions with this project.

SkillSync-AI | Resume Analyzer and Interview Preparation | Live Demo

- Built a full-stack AI platform that analyzes resumes, identifies skill gaps, and generates tailored interview-preparation guidance.
- Designed the architecture with a React.js frontend, FastAPI (Python) services, and a Node.js backend connected through REST APIs.
- Deployed the application live on Vercel for public access.

EXPERIENCE

Code Assure | Full-Stack Development | 1 month | Live Project

- Built and deployed Takshay Design, a full-stack web application with a responsive frontend, admin panel/CMS, authentication, backend services, and database integration.
- Developed UI components, integrated REST APIs, and managed database workflows from development through production deployment.

EDUCATION

B.Tech, Computer Science Engineering
Maharishi University of Information Technology, Lucknow | 2023–2027 | CGPA: 7.89

ACHIEVEMENTS

- 1st Position — InnovativeX, NPGC College, Lucknow; presented Waste-to-Worth.
- 1st Position — TechNeek, SRCEM College, Lucknow; presented Waste-to-Worth.
